

Green Position Statement

Together with its employees, **Sprint Denver** is recognized for its strong commitment towards our Environmental Management System (EMS). As a part of that commitment, **Sprint Denver** has emerged as a leader in environmental stewardship through the Forest Stewardship Council (FSC) by encouraging the use of recycled paper for our customers. By October (2009), **Sprint Denver** will cement its membership with the Colorado Department of Public Health and Environments (CDPHE) Environmental Leadership Program by achieving its Bronze Level. We continue efforts to implement environmentally responsible processes, and strive to exceed our compliance with federal, state and local health, environmental and safety standards.

Sprint Denver understands being “green” is crucial for the environment, and our communities health. Commitment to sustainability on a broad level is our goal, from the ground up. Really, it’s our “Commitment to Excellence!” The following information outlines our current and future EMS and recycling programs. Information and ideas are gathered, researched, implemented and overseen by our Green Team.

Environmental Management Systems

Energy Conservation

- 100% Wind Power - Xcel Energy
- Delivery Trucks - Bio-Diesel Fuel
- Delivery Car - Toyota Prius - Electric/Gas
- Large Volume Paper Compactor

Recycling

- Pressroom Ink - Goes into Asphalt
- Employee Bring-In Recycle Program
- Computer Equipment
- Corrugated Cardboard
- Emboss/Deboss Dies
- Aluminum Plates
- Foil Dies

Sustainability / Future Goals

- Silver Membership - CDPHE
- Analyzing Vendors Manufacturing Processes
- Annual Assessments of Operating Practices
- Long-term Reduction of our Carbon Footprint

Health

- Zero VOC Sheetfed Soy Inks
- Low-to-Zero Pollution Emissions
- Zero-Styrofoam Environment
- Updated Emergency Action Plan

Stewardship

- FSC Certified
- Recycled Paper Options to Customers

Product Conservation

- Soft-Proofing (Kodak Insite Server)

WasteWater

- Water-Soluble Film Chemistry
- Water-Soluble Plate Chemistry

Accountability

- Health, Safety and Environmental Permit Reviews
- 2009 (End-of-Year) Green Report - *New*

Rev.3 | 8.11.09
